Education

Saveetha Engineering College

Chennai, India

Bachelor of Technology in Information Technology (CGPA: 9.48 / 10.0)

Expected May 2028

- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Java Full Stack Development

Certifications & Achievements

Oracle Certified Professional: Java SE Developer | Oracle University

Dec 2025

Demonstrated proficiency in core Java, OOP, memory management, JPMS, Streams API, and concurrency.

Competitive Programming: Solved 250+ Data Structures & Algorithms problems on LeetCode, covering arrays, strings, linked lists, stacks, queues, trees, sorting, searching, and basic graph and dynamic programming problems.

Technical Skills

Languages: Python, Java, SQL, C++, C, JavaScript, HTML5, CSS3

Frameworks & Libraries: FastAPI, React, LangGraph, Spring Boot, Spring Security, JDBC

Databases: PostgreSQL, MySQL, Redis

Infrastructure & Tools: Docker, Docker Compose, Redis Streams, Git, GitHub, VS Code

Core Competencies: REST APIs, JWT Authentication, Agentic Workflows, System Observability, Event-Driven Architecture, Root-Cause Analysis

Featured Projects

InfraPilot | Python, FastAPI, LangGraph, React, Redis Streams, PostgreSQL, Docker

Aug 2026 – Sep 2026

- Built an explainable Agentic NOC prototype for automated network, application, and system diagnostics using structured evidence and multi-agent reasoning.
- Developed an event-driven pipeline with FastAPI, Redis Streams, and LangGraph agents for evidence analysis, validation, and root-cause diagnosis.
- Containerized the multi-service platform with Docker Compose and implemented deterministic fallbacks for reliable diagnosis when LLM reasoning is unavailable.

BlogApp | Java, Spring Boot, Spring Security, JWT, React, MySQL, REST APIs

Feb 2026 – Mar 2026

- Engineered a full-stack blogging platform with stateless JWT authentication and Spring Security, implementing role-based access control for protected REST endpoints.
- Designed a normalized MySQL database schema and integrated Spring Data JPA/JDBC for reliable relational data persistence and application-level data access.

Campus Leadership & Event Management

College Events & Student Activities

Chennai, India

Event Organizer / Administrator

2024 – Present

- Coordinated logistics, cross-team communication, and administration for campus events and workshops, supporting on-schedule execution and participant management.
